Description of our Company	:	From the last 10 to12 years, Akij groups were expanding quickly. We were buying 8000 to 9000 ton building every year. But the manufacturer was not supplying us the building timely & also we were facing some quality problem. Then our honorable MD sir wish to make our own steel building production unit & we made this Steel Building Fabrication Unit at the end of 2016. We have two production unit & our yearly production capacity is 12000 to 14000 Ton. We have all the modern machine which required for steel building fabrication & erection including coil slitting machine (Up to 6 mm thick). We have very skilled design team & also fabrication and erection team.
