Description of Company	:	Buildtrade Engineering Limited was established in 2002, by the founder of the company Mr. Enayetur Rahman and his two colleges. It has own pre-engineered steel buildings manufacturing plant that spans over 5,00,000 square feet on the outskirts of Dhaka, at Buildtrade Industrial Park, Dhamrai, Savar (approximately 25 Kilometers from Hazrat Shahjalal International Airport, Dhaka). By Partnering with Buildtrade Engineering Limited, the clients are assured of quality product. Buildtrade Engineering Limited is accredited by the ORI (ISO 9001:2008), a leading accreditor are affiliated and work together with Asian Institute of Technology, Thailand.

We deal with various pre-engineering fabrication processes such as manufacturing of high tensile H/I beams, cold roll forming, roofing, cladding and other steel value addition processes. The institution is highly specialized to give "ONE STOP" solution for pre-fabricated/engineered steel structures, buildings and multi-dimensional facilities, all under one roof. Many companies talk about relationships, but when you join forces with Buildtrade Engineering Limited, you are receiving security, accuracy and efficiency with a personal touch. Buildtrade Engineering Limited has a workforce of approximately 1400 employees, as engineers, operators, welders, fabricators, site supervisors and managers. It owns excellent range of modern construction and transportation equipment and machinery. All of our machineries are world class which meets highest standards of quality and efficiency.
