Description of our company	:	<p>McDonald Steel Building Products Limited (MSBPL) is the pioneer of Pre-fabricated structural steel construction in Bangladesh, having started its journey in 1998. Since then, MSBPL has been consistently developing quality steel solutions that have played an integral part in developing Bangladesh's infrastructure.</p> <p>Equipped with world-class machinery and skilled engineers, McDonald Steel realizes unparalleled excellence in helping Bangladesh's growth story in pre-engineered steel building construction. MSBPL is poised to cater to a plethora of projects including power plants, multi-storey building construction, bridges, aviation hangars, etc.</p> <p>Keeping pace with fast evolving construction techniques, in order to address aspects of speed, aesthetics and cost, we have chosen to incorporate automatic fabrication lines from Peddinghaus Corporation USA, Corimpex, Italy, Lincoln, USA, HGG Netherlands, PHI USA, Akyapak, Turkey and many other international brands. McDonald Steel also boasts an exclusive factory for pipe fabrication consisting of specialized pipe machinery.</p> <p>We import and use the best quality products from Japan, Luxemburg, China and India. Quality is our commitment and only McDonald Steel in Bangladesh guarantees the best quality materials and fittings for your steel construction. We have successfully completed over 900 projects in Bangladesh and our clientele ranges from Government agencies to large local and international corporate.</p>
