Production Capacity (MT)	:	Built Up Section- 2000MT/Per Month Cold Roll Section- 700MT/Per month Profile Sheet- 500MT/Per month
No. of Employee	:	<b>Corporate Staff:</b> Engineer-57 Others-21 <b>Factory Staff:</b> Engineer-60 Others-48 Factory Worker-512 Staff Worker-275
Quality Assurance Certificate Achieved	:	PEBSAL is an ISO 9001:2015 and OHSAS 14000:2007 certified company. It is also an associate member of AISC.
Year of Establishment	:	2006

<p>Description about our Company</p>	<p>:</p> <p>PEB Steel Alliance Ltd. (PEBSAL) is the first state of the Art Pre-Engineered Steel Building Manufacturing Company in Bangladesh which was established in 2006. During last 12 years of operation, it has successfully designed, fabricated and large number of steel buildings. It is fully equipped with modern machineries and equipment; the fabrication of steel structures is in line with international design codes. PEBSAL, buildings are designed in compliance with the latest design and building codes (IBC 2006, AISC 2005, AWS 2006, MBMA 2006, AWS 2007, BNBC).</p> <p>With Operations encompassing Design, fabrication &amp; engineering, PEB Steel Alliance Ltd. (PEBSAL), specializes in assembly, service &amp; commitment of pre-engineered steel buildings (PEBs) for factories, warehouses, showrooms, commercial/ trade centers, supermarkets, sports stadiums, exhibition halls, aircraft hangars, etc.</p> <p>PEBSAL, product range is not confined to Pre-Engineered Building; comprising a wide array of curved roofs, castellated beams, open - web – joists, and special trusses.</p> <p>PEBSAL, fabrication is heightened to a capacity of more than 30,000 metric tons of complete pre-engineered buildings annually that enables PEBSAL to deliver its client's requirements within a stipulated timeframe. PEBSAL has a clientele base that includes nearly all large corporates in Bangladesh – ACI, BSRM, Ispahani, Meghna Group, Nasir Group, PHP, Runner, Square, Summit, Transcom etc. It also has in fold multinational clients such as Coca-Cola Company, Pepsi Co, Youngone, Compaigne Mauritius Textile (CMT), Chevron, Unilever, British American Tobacco Bangladesh (BATB) and Holcim to name a few. PEBSAL has exported products to Africa for UN peace keeping missions and to Pakistan in Asian Development Bank (ADB) funded projects.</p> <p>PEBSAL, as part of its corporate business diversification, is looking to venture into new product lines. With the will to explore and invest into new sectors, PEBSAL has recently procured two modern machines to undertake fabrication of large diameter steel pipes and other curved plate structures. Another venture where PEBSAL has extended expertise is in the manufacture and supply of EOT (Electric Overhead Travelling) Cranes with complete customized solution. Further more PEBSAL has extended expertise in the manufacture and supply of pre-fabricated portable cabins etc.</p> <p>PEBSAL is an ISO 9001:2008 and OHSAS 18001:2007 certified company. It is also an Associate Member AISC (The American Institute of Steel Construction).</p>
