Description of our Company	:	Alhamdulillah, established in 2006, Design Concept Steel Ltd. (DCSL) began its journey as one of the most diversified and trusted pre-engineered steel building companies in Bangladesh. With specialized expertise in design, fabrication and installation, we offer end to end solutions for steel structures of all sizes. We provide a complete range of services, including steel metal roofing, cladding, galvanized decking, purlins, structural design and erection, along with all essential building accessories. Over the years, we have successfully completed hundreds of projects from compact single-unit buildings to large-scale, multi-storied steel structures. With the blessings of Allah, we remain committed to delivering strength, durability, quality, and engineering excellence in every project.
